EDUCATION

Ph. D. in Computer Science, [Duke University](#), USA

Aug 2018 - Dec 2023

- Research area: **Computer Vision** and **Robotics**, supervised by [Dr. Carlo Tomasi](#)
- Focused on optical flow estimation, stereo depth perception, 3D scene geometry and motion tracking from videos
- Relevant coursework: Machine Learning (A+), Intro to Deep Learning (A+), Theory of Inference (A+), Predictive Modeling (A), Information Theory (A), Bayesian and Modern Statistics (A), Probability/Measure Theory (A)

B. S. in Computer Science and Technology, [Nanjing University](#), China

Sept 2014 - June 2018

- Student of the [Kuang Yaming Honors School](#) of Nanjing University (“NJU Elite Program”)
- Overall GPA: **4.59/5.00**, ranking **1/41** in the Computer Science Elite Program
- Relevant coursework: Machine Learning (100/100), Pattern Recognition (100/100), Artificial Intelligence (97/100), Digital Image Processing (94/100), Computer Graphics (90/100), Multivariate Statistical Analysis (94/100)

WORK EXPERIENCE

Machine Learning Engineer, TikTok Inc., USA

Feb 2024 - present

- Data-TnS-Algo team; Video understanding algorithms

Research Scientist Intern, Meta Platforms Inc., USA

May 2023 - Dec 2023

- Core AI Team and Computational Photography Team (Reality Labs); Optical flow estimation and video enhancement
- First-author paper under review

Research Engineer Intern, Meta Platforms Inc., USA

May 2022 - Aug 2022

- RL Research Surreal Team (Reality Labs); Stereo matching, depth perception, and 3D reconstruction for AR device

Research Scientist Intern, Facebook Inc., USA

May 2020 - Aug 2020

- RL Research Agios Team (Reality Labs); Optical flow estimation and hand motion tracking for VR device

Teaching Assistant, Duke University, USA

Jan 2019 - Dec 2019

- Teaching assistant for Computer Vision (Spring 2019) and Elements of Machine Learning (Fall 2019)

RESEARCH EXPERIENCE

Duke University Computer Vision Lab

Sept 2018 - Dec 2023

Advisor: [Dr. Carlo Tomasi](#)

- Research on the semi-supervised training of optical flow and active learning as an approach to reduce annotation costs; first-author paper accepted by ECCV 2022
- Research on using semantic segmentation to improve unsupervised optical flow estimation for autonomous driving videos; first-author paper accepted by ICCV 2023
- Research on the joint estimation of optical flow, stereo depth, and 3D rigid motion segmentation from stereo videos; specifically interested in autonomous driving applications; first-author paper under review

Duke University learning-to-learn optimization project

July 2019 - June 2020

Advisor: [Dr. Rong Ge](#)

- Collaborated on the research of the meta-learning of optimizers, leading to a second-author paper in ICML 2021
- Implemented open-source meta-learning code and ran all experiments for the paper

Nanjing University [LAMDA](#) (Learning And Mining from Data) group

Nov 2015 - June 2018

Advisor: [Dr. Zhi-Hua Zhou](#)

- Contributed open source code for the models gcForest (a deep forest) and eForest (a forest auto-encoder)
- Worked on improving deep forest by adding in decision path information as the final-year bachelor's degree thesis

TECHNICAL SKILLS

- **Programming:** C/C++, Python, MATLAB, and R
- **Frameworks:** PyTorch and Tensorflow; Linux-based servers; multi-GPU distributed training
- **Languages:** English, Mandarin Chinese

HONORS & AWARDS

- Best Paper Award, ACCV Workshop on Vision Transformers: Theory and Application
- Duke PhD Fellowship, 2018
- Lu Dexin Award of Nanjing University, 2018
- International Exchange Student Scholarship of K.Y. Honors School, Nanjing University, 2017
- First Prize of the Elite Program Scholarship Award, 2015 and 2016
- First Prize of the People's Scholarship Award, 2015 and 2016

COMMUNITY & LEADERSHIP

- | | |
|--|------------------------------|
| Student Assistant, Duke CS Faculty Search Committee | <i>Jan 2019 - Mar 2020</i> |
| <ul style="list-style-type: none">• Notified the students of faculty search schedules and arranged escorts from volunteers• Organized graduate student meetings with prospective new faculties and collected student feedbacks. | |
| Vice President, Students' Union of the Kuang Yaming Honors School, NJU | <i>July 2015 - July 2016</i> |
| <ul style="list-style-type: none">• Mainly in charge of student academic activities• Organized a university-level research essay contest and 6 public lectures/seminars• Increased activity popularity (measured by number of participants) by 25% over the previous best record | |
